Join the
movement.

Now is the time to turn sustainability into a movement.

It is clear that our world is overrun with unwanted used plastic bottles - let's turn them away from landfill, let's stop them going into the ocean and let's turn them in to something useful.

Scan for more info

Stand with us, together we can turn the tide.

Using recycled & organic fabrics offsets the use of new petroleum, emits fewer greenhouse gases and conserves both water and energy in the process. Stop now and stand with us. Let's make a statement and a difference together.

**Our new eco range
of products allows you
to join the movement.**

Partner with your **Headwear Professionals** to do your part and show your customers that you are a forward-looking company with a social conscience.

Made from Organic Cotton

Cotton is the most popular fabric used throughout the industry. Historically the process of processing cotton and turning it into fabric has involved using chemicals and different types of pesticides. With the focus shifting to a more sustainable future, new ways of processing cotton fabric have been developed – Organic Cotton. The new process eliminates dangerous chemicals and pesticides, and the certified process ensures better and healthier conditions for those processing the crops.
